

**ТИПОВІ ТЕСТИ**

з дисципліни «Іноземна мова за професійним спрямуванням»  
Модуль №1

**Спеціальність:** 163 «Біомедична інженерія»

I. State whether the following statements are true or false. Correct the false ones.

1. The biosphere is an earth's envelope – complex in composition, construction and organization. 2. The biosphere does not include all living organisms, biogenous, inert and bioinert substances. 3. The living matter changes the organization of all chemical elements. 4. Noosphere (from Greek noos, "mind"), in theoretical biology, is that part of the world of life that is strongly affected by man's conceptual thought. 5. The noosphere is an old phrase in the development of biosphere. 6. The noosphere means harmony between man and his environment. 7. In ecology the term population is used to denote a group of organisms occupying the Earth. 8. Plants can exist only by receiving carbon dioxide, water, oxygen, mineral salts.

II. Match the following words with their Ukrainian equivalents.

- |                         |                       |
|-------------------------|-----------------------|
| 1) pathologic structure | a) image intensifier  |
| 2) clinical data        | b) cure               |
| 3) ultrasound physics   | c) plague             |
| 4) disease              | d) hematology         |
| 5) endoscopy            | e) skull              |
| 6) kidney               | f) 3D visualizations  |
| 7) conductor            | g) treatment planning |
| 8) liver                | h) blood pressure     |
| 9) to suffer            | i) bone structure     |

III. Give definitions to the terms:

*Aorta, hemoglobin, trachea, X-rays*
