World's Largest Image-Based Legal Research Database

HeinOnline is a premier online database containing more than 150 million pages and 200,000 titles of legal history and government documents in a fully searchable, image-based format. HeinOnline bridges the gap in historical research by providing comprehensive coverage from inception of more than 2,500 law-related periodicals. In addition to its vast collection of law journals, HeinOnline contains the entire Congressional Record, Federal Register, and Code of Federal Regulations, complete coverage of the U.S. Reports back to 1754, and entire databases dedicated to treaties, constitutions, case law, world trials, classic treatises, international trade, foreign relations, U.S. Presidents, and much more.

[Кнопка Search help](#)

For more information and tips please review our [Advanced Search Syntax Guide](#).

Note that all Boolean operators must use capital letters.

- AND** to search for multiple terms i.e. `evidence AND admissibility` will produce documents that contain both terms.
- OR** to search for either one of a pair of similar terms i.e. `brief OR evidence` will produce documents that contain either of these terms
- NOT** to exclude a term from a search i.e. `evidence NOT briefs` will exclude every search result containing the word "briefs"
- " "** use quotes to search for a phrase i.e. `"love canal"` will search for documents containing the exact phrase "love canal"
- ()** to search grouped clauses to form sub queries i.e. `(watershed OR "water rights") AND planning` will produce documents that contain either watershed or water rights and planning
- ~** to search for words within a particular proximity of each other i.e. `"watershed planning"~10` will search for watershed within 10 words of planning
- ?** to search for words where there may be variations of the word that you want included in your search i.e. `te?t` will produce documents that contain text or test
- *** to search for a word with multiple character differences i.e. `brief*` will return searches with the words brief, briefs, and briefed

Ідея створення бібліографічного формату народилась, мабуть, вже тоді, коли рівень розвитку комп'ютерної техніки дозволив створювати найпростіші електронні каталоги.

Формат **MARC** (машиночитна каталогізація) з'являється на початку 1960-х років у США. Головним його творцем та рушієм виявився і є зараз Бібліотека Конгресу. З тих пір і на сьогоднішній день бібліографічні записи в Сполучених Штатах створюються і накопичуються у цьому форматі, причому сам формат безперервно розвивається.

Women & the Law

A message from company president Kevin Marmion
To Our Valued Friends in the Library Community,

Over the last sixteen years HeinOnline has grown from a single law journal collection of 25 titles to a digital archive with more than 60 distinct collections containing over 131 million pages, more than 100,000 titles, and 237,000 volumes. None of this could have been possible without the support of our full customer base.

As we look to the future, academic law libraries are facing continued budget issues with each passing year. As a token of our appreciation of your continued support of our company, we are pleased to provide our Academic Core Library subscribers complimentary access to our new collection, **Women and the Law**. This historical archive contains nearly 1,000 fully searchable titles. For more information, view our brochure. Like the World Constitutions Illustrated introduced in 2010, we hope you find this archive of interest to researchers throughout your university.

We are dedicating this library to the memory of two significant women who had a critical role in the development of the library. First, Ilene N. Hein who passed away in 2012. Ilene cofounded William S. Hein & Co., Inc. in 1961 alongside her husband Bill. Many people recognized Bill, Sr. as our first President and CEO and are even more familiar of his travels with Bill, Jr., Hein's current CEO, who has guided the Company since his dad's passing in 1976. Like most women of her generation, Ilene was not fully recognized for her corporate contributions. Ilene worked actively from 1961-1992 at the Hein Company; she set the highest standard for customer service and values that has become the cornerstone of Hein's customer service.

Finally, to my mom, Margaret (Peggy) Marmion, who passed away in April 2009. She was an avid supporter of women's rights, although most of her career she raised eight children and unselfishly put her own interests behind the needs of her family. If she were born a few generations later I'm sure she would have been running a corporation or changing the world in some way. Her passion lives within me, my brother, and six sisters. Consequently the subtitle for this library is Peggy.

Bill and I thank you again for your support. We challenge each librarian to encourage their colleagues to contribute and check their collection for important content that could be added. We welcome your thoughts and comments.

Kevin Marmion
